

Serial No.: 10/735,777
Examiner: Seungsook Ham

In the Specification:

Please replace the paragraph beginning at page 3, paragraph 20, with the following rewritten paragraph:

[20] ~~Fig. 12~~ Figs. 12a and 12b illustrates an assembly configuration in which the low pass filter is fabricated on the same circuit board that supports the mono-block filter and mask filter.
